

CHICHESTER CITY COUNCIL FINANCIAL YEAR 2023/2024 FINANCE COMMITTEE 2nd APRIL 2024

MONITORING REPORT TO 31st JANUARY 2024

<u>INTRODUCTION</u>

This budget monitor for 2023/2024 reports on the month to the end of January 2024. The report shows the current total budget for the year and a profiled budget, (i.e. the amount expected to be expended by the end of January), against which actual income and expenditure is compared. Certain costs are accrued for where the liability is known to have been incurred, such as charges from the District Council for various services provided.

A column for committed expenditure has also been included. This refers to items of expenditure approved at previous Finance Committees, to be funded from specific existing budgets. The expenditure has not yet been incurred, but it is included to give councillors a clearer picture of funds available.

SUMMARY

The monitoring report shows a surplus of £81,793 against the budget to the end of January 2024. Much of this surplus relates to the increase in investment income, of which we are likely to receive an additional £30,000 before the year end.

The variances listed below are cumulative from the start of the financial year 2023/24.

RECOMMENDATION

It is recommended that the surplus at the end of the financial year is used to boost the Allotment reserve and the Council House reserve. The Allotment reserve can be drilled down from over several years. We have been replacing tools and equipment in recent years and using the funds already set aside, we could set aside a further £20,000 to assist with future costs. The Property Maintenance Manager has identified many projects that are required to be carried out to maintain and look after Council House and keep it in good order. I would therefore recommend that an amount up to £60,000 be set aside to assist with these costly projects.

VARIANCES

- 1. The underspend on salaries is expected due to an overall 8% pay ward being built in the budget. Some staff movements have meant that new staff have been recruited at the bottom of the scale.
- 2. Professional advice has been received re contract negotiations with staff.
- 3. Interest on investments is substantially higher than budgeted. Total income expected to be around £130,000.
- 4. Remaining Discretionary Grant budget unspent will be carried forward £4,663.90. Roussillon Park Grant £500 still to be paid.
- 5. Remaining Public Realm budget unspent £28,224.
- 6. Southern Access Road Traffic Study PJA Consultant £5,000 and mediation costs £845.
- 7. Neighbourhood Plan expenditure Invoice from Feria Ltd £6,539.50 to be funded from set aside Cil.

Role of Internal Audit 2024/2025

Terms of Reference

To assist local councils to maintain and improve internal control in accordance with proper practices as set out in the Accounts and Audit Regulations.

Internal Audit Objectives and Responsibilities

The primary objective of Internal Audit is to review, appraise and report upon the adequacy of internal control systems operating throughout the council, and to achieve this will adopt a predominantly systems-based approach to audit.

The council's internal control system comprises the whole network of systems established within the council to provide reasonable assurance that the council's objectives will be achieved, with particular reference to:

- The effectiveness of operations
- The economic and efficient use of resources
- Compliance with applicable policies, procedures, laws and regulations
- The safeguarding of assets and interests from losses of all kinds, including those arising from fraud, irregularity and corruption
- The integrity and reliability of information, accounts and data

Accordingly, in the conduct of planned audits Internal Audit may:

- Carry out a selective assessment of compliance with relevant procedures and controls expected to be in operation during the financial year in order to be able to complete Section 4 (Annual internal audit report) of the Annual Return.
- Review the reliability and integrity of financial information and the means used to identify, measure, classify and report such information
- Review the means of safeguarding assets and, as appropriate, verify the existence of such assets
- Appraise the economy and efficiency with which resources are employed, identify opportunities to improve performance and recommend solutions to problems
- Review the established systems to ensure compliance with those policies, procedures, laws and regulations which could have a significant impact on operations, and determine whether the council is in compliance
- Review operations and activities to ascertain whether results are consistent with objectives and whether they are being carried out as planned

 There are no limitations on Internal Audit's scope of activities. The scope of Internal Audit allows for unrestricted coverage of the council's activities, including both financial and nonfinancial systems of internal control.

Independence

The main determinant of the effectiveness of Internal Audit is that it is seen to be independent in its planning and operation. To ensure this, Internal Audit will operate within a framework that allows:

- Unrestricted access to the officers of the council
- · Reporting in its own name
- · Segregation from the day to day operations of the council

Every effort will be made to preserve objectivity by ensuring that all Internal Auditors are free from any conflicts of interest and do not undertake any non-audit duties on behalf of the council.

Rights of Access

There are no limitations on Internal Audit's access to records. Internal Auditors have the authority to:

- access council premises at reasonable times agreed in advance
- access all assets, records, documents, correspondence and control systems
- receive any information and explanation considered necessary concerning any matter under consideration

The Council's Responsibilities

The Town Clerk, The Responsible Financial Officer and The Property Manager have clearly defined responsibilities for Risk Management, Internal Control, Internal Audit and preventing Fraud and Corruption.

The existence of Internal Audit does not diminish the responsibility of the council to establish systems of internal control to ensure that activities are conducted in a secure and well-ordered manner.

Reporting

The Internal Auditor will formally report the results of audits and the recommendations made to council and will follow up at subsequent Internal Audits to make sure that corrective actions are taken.

Review of Terms of Reference

The Terms of Reference will be reviewed and updated annually, along with the appointment of the Internal Auditor.

Reappointment of Internal Auditor

The current Internal Auditor is retiring from his Role as Principal Auditor at Chichester District Council. He is currently employed by the City Council, which has been an arrangement for over 20 years. It is not normal for an Auditor to be employed by the organisation that it is auditing.

It is considered that this might be the right time to review our Audit services and test the market.
